

## Affordable Care Act

The United Way of Central Jersey ('UWCJ') is proud to announce the U.S. Department of Health and Human Services (HHS) has designated **United Way of Central Jersey** as one of the ***Champions for Coverage*** in New Jersey.

New Jersey has almost 1 million eligible uninsured people - the Affordable Care Act will provide options to them to purchase affordable health insurance coverage for emergency medical care and basic preventative medical services.

United Way of Central Jersey is partnering with the U.S. Department of Health & Human Services, Centers for Medicare, and Medicaid Services in organizing training and informational sessions providing updated information to social service organizations serving low-income community residents.
